

Mission Product base company.

● Day -2.

- Start with a programming language (C++).
- Covered topics.
 - [C++ Functions.](#)
 - [C++ Parameter.](#)
 - [C++ Function overloading.](#)
 - [C++ Variable scopes](#)
 - [C++ Recursion.](#)

Note: These topics may take time of 4 to 5 days according to your knowledge. I have covered these topics in one day because I have some previous practice in C++ in my college days.

Keep learning, All the best.
